## **SUPERVISION OF CIVIL WORKS UNDER THE CONTRACT:**

### **“REHABILITATION OF M3 CHISINAU-GIURGIULESTI ROAD, KM 96+800 - KM 171+290 AND KM 179+650-KM 190+750”**

#### **Assignment Description:**

This invitation for expressions of interest follows the General Procurement Notice No. 8857-GPN-41442 for this project which was updated in Procurement Opportunities, on the EBRD’s web-site on October 20, 2017 and in the Supplement to the Official Journal of European Union (OJ/S) on October 25, 2017.

The Government of the Republic of Moldova intends using the proceeds of a loan from the European Bank for Reconstruction and Development (EBRD) towards the cost of the Moldova Road Sector Program where the construction supervision services are required.

The objective of the Construction Supervision services is to supervise the execution of the works and administer the contract through efficient and effective expertise, resulting in the issue of a Taking-over certificate and a Performance Certificate for the following Works Contracts within the budget and time defined in the project procurement plan.

The M3 Road provides the shortest road connection between Chişinau, the capital, and Giurgiuleşti and its nearby port in the south giving access to the Danube River and the Black Sea. The M3 Road is part of a larger Trans - European Road, the E577.

The rehabilitation works under this contract comprises three sections of M3 Road. The first section commences from Municipality of Comrat at km 96+800 to km 151+200 at Ciumai village. The second section commences from km 151+200 to km 171+290. The third section of M3 Road runs further from the km 179+650 to km 190+750. The first section includes works for the completion of earthworks, asphalt works, road markings, signs, sidewalks, bridges, drainage facilities, minor intersections, roundabout, shoulders, bus stops, guardrails, landscaping, external lightening and removal of underground communication cable.

The length of second section is about 20.1 km from Ciumai village to Vulcăneşti town. The existing road is mainly a two (2)-lane single carriageway paved road. The third section measures 11.1 km and runs from south of Vulcanesti to the beginning of Slobozia Mare new designed bypass.

The Employer invites expressions of interest from suitably qualified firms who are interested in providing such assistance to the Employer to facilitate the timely and effective implementation of the Project by advising the Employer on the administration of the EBRD funded Contracts with due diligence and by carrying out the duties of the Engineer assigned to him in the Contracts which will be a re-measurement unit rate contract based on FIDIC Conditions of Contract for Construction, MDB

Harmonized edition, 2010. The Consultant shall exercise the authority attributable to the Engineer, as specified in or necessarily implied from the Contracts, to ensure timely, satisfactory completion of the Works in accordance with the Contracts.

**Assignment Start Date and Duration:** The assignment is expected to start in July 2018 and last about 52 months, which includes 1 month for pre-Commencement activities, 36 months of works supervision, 12 months covering defects notification period and 3 months for the Performance Certificate issue and other closing activities.

In order to successfully implement the assignment, it is envisaged that the Consultant's team will consist of the following experts:

- 1 (one) Team Leader/ Engineer's Representative
- 1 (one) Resident Engineer
- 1 (one) Materials Engineer/ Quality Assurance Engineer
