### **INVITATION FOR TENDERS - SINGLE STAGE**

The above named client intends to use part of the proceeds of a loan from/grant administered by the European Bank for Reconstruction and Development (the Bank) towards the cost of the above named contract(s).

Additional financing information:

No Other Information Provided.

Contracts will be subject to the Bank's Procurement Policies and Rules and are open for participation for firms from any country, unless otherwise specified in the procurement

documents.

The type of contract and the procurement method is stated above. A full description of the procurement exercise is available within the documentation and is available free of charge in ECEPP.

The documentation will include such information as: detailed technical and financial requirements; any information on lots; the expected outcome; eligibility and qualification requirements; contract start date; planned contract duration; any response requirements; any other relevant information.

This procurement exercise will be conducted using the EBRD Client E-Procurement Portal (ECEPP). Prospective participants can access the procurement exercise by clicking on the below link or on the 'Access Opportunity' button (if viewing this notice on ECEPP). Registered participants may log in and access the documentation immediately and unregistered participants may do so after completing a brief registration:

The project starts at intersection (roundabout) with R7 Road: Drochia – Costesti – Romanian border (Lot 1) and continues until intersection with R8.1 Road km 0+00 (start of Lot2). End of project is the intersection of R8.1 Road (km 9+470) with R8 Road: Edinet – Otaci – Ukraine border.

The works to be carried out include the rehabilitation of existing carriageway, including widenings for improvement of geometrical parameters of the roads and additional third lane for heavy trucks.

The project includes arrangement of sides road to the agriculture fields and arrangement of intersections, entries into the yards, and one roundabout arrangement. Construction of retaining wall and underground drainage system (manholes). Arrangement of drainage facilities as construction of the culverts and consolidated lines side drains and outside interception ditches.

The client's address is for information only. To register interest, access the documentation using the available links. Participants must use the ECEPP message centre for communication with the client.
